

PRESSURE INJURY PREVENTION

# ConformX<sup>®</sup>

Visco-elastic foam mattress range

A layer of visco-elastic foam provides support to the patient for pressure redistribution. The ConformX range was specifically developed with patient comfort and pressure injury management in mind, and provides a 24 hour solution.

# ConformX Range

The ConformX range has been designed to provide a 24 hour care solution. The range includes a mattress replacement, mattress overlay and seat cushion. The ConformX range is available in various sizes and is easy to maintain due to the durability of the cover and foam.

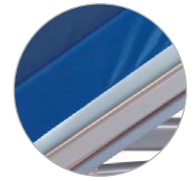

24 Hour Care Package Seat cushion available

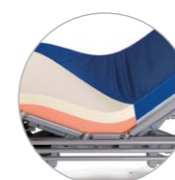

Overlay System - A mattress overlay is also available and is easy to install

**MEMORY FOAM**  
Gently moulds to patient's body

**CONCEALED ZIP**  
The cover has a concealed zip designed to help improve infection prevention protocols

**SUITABLE FOR PROFILING BEDS**  
Suitable for use in the gatched or supine position

**SILVER BASE MATERIAL**  
Offering non slip properties

## Safe and convenient for patients and carers

Designed to provide effective pressure redistribution.

The ConformX mattress replacement is available in multiple sizes and has been tested for X-Ray translucency<sup>1</sup> and is suitable for CPR<sup>2</sup>. In addition, the overlay includes corner securing straps for extra security.

## Cover features

- Ultra two way stretch
- Vapour permeable
- Water resistant
- Infection Control is aided by Antimicrobial properties in the cover material
- Non slip silver base
- Easy to clean and maintain
- Concealed zip
- Clearly marked covers with TurnTable<sup>®</sup> guide and washing instructions

TurnTable Guide - All ConformX mattress replacement systems carry the TurnTable Guide
